

# Triethylene Glycol

Industrial Grade  
CAS No. 112-27-6

**SPS provides high quality Industrial Grade TEG for a wide range of industrial applications at a competitive price.**

## Product Description

Triethylene glycol is a colorless, odorless, organic compound. Its complete miscibility with water and many other organic solvents make its use important in a wide range of industrial applications. TEG is primarily used for the drying of natural gas.

## Value-Added Benefits

- Guaranteed to Meet/Exceed ASTM Standards
- Competitive Pricing
- Custom Quantity & Delivery Options
- Used Glycol-Waste Pickup

## General Applications

Adhesives, Coatings, Emulsifiers, Lubricants, Plasticizers, Polyurethane foams, Solvents, Silicone compounds, Thermoplastics, Unsaturated polyester resins

## Specific Applications

- Hygroscopic & Low Volatility
- Gas dehydration/drying

## Solvent

- Aromatic and paraffinic hydrocarbon separation
- Cleaning compounds
- Steam-set printing inks

## Chemical Intermediate

- Unsaturated polyester resins
- Esters
- Plasticizer for safety-glass, separation membranes and ceramic materials
